

## The girls from Slovakia visited Denmark

The students of the Grammar school of Ivan Bella were in Denmark, from 2.-to 9. April 2016. It was already the second meeting of the project- Fair trade for a fair future , in the Danish town Sonderborg. The girls had a chance to get to know the beauty of the local landscape, the Danish school system, they met new friends, they could improve the English language and practice some Danish, German and Italian vocabulary, because this is an international project and Denmark, Italy, England ,Austria , Germany and Slovakia are involved into it.

Communication skills of students were tested while they were working in groups, because each day they had to perform the specified tasks. For example, they had to design the logo of Fair trade, or make a presentation of the project to the specified topics, and in front of the others students from Danish school.. In addition to the duties they found time also for a tour of the school and the city, walking through the streets of the city was very interesting. We visited Danfoss company , a beautiful old town Ribe, we were at a concert of classical music, but the strongest experience for us was to ride on the segway. These activities were very interesting and all the participants made new friends. We have known a new corner of the world .Thank you very much for an unforgettable week that we could spend in this beautiful country.

Now we are looking forward to March 2017, when we welcome our foreign friends in Slovakia.

Sona Wollnerova,  
a student of the Grammar school of Ivan Bella, Handlova
